Adam's time to Abram (75) is counted independently of the flood.

David prophesied the temple building, the inauguration of the 1. temple: by **956 BC.**  
The destruction of the 1st temple was dated according to science: **August 25, 587 BC.**  
and the end King's time Judah: **586 BC.**

Time calculator, Hubert Brumm

All numbers of the times come from the Bible and are compared with the science Wikipedia. The error deviation is relatively small. Thanks to the two dates of the 1. Temple inauguration of 956 BC by Solomon and of the 1. Temple destruction of 586 BC. by Babylon proves my time calculation between 2018 and from the creation of the world: exactly **6000 years**. Some visions from the Internet also prove 6000 years in the beginning of the 7. Millennium. Many Bible verses and all times of God were recorded in [www.gotteskalender.com](http://www.gotteskalender.com).

We should not dispute whether the Millennium „6000 years“ will start in the new Jewish year, Rosh HaSchana, at the 1. Tishrei 5778 according to the Jewish calendar (on 20/21 Sept. 2017) or in the new Biblical year on 1. Nisan 6000 after the calendar of God's (March 17, 2018). It remains a problem between the Jewish calendar and the God's calendar. The Talmud calculates differently, I see the difference of **222 years** between the 5778 Jewish years and the 6000 God's years. But we remain in amour, we do not want to miss the time, because HaMashiach comes in the beginning of the 7. Millennium. **Are we looking forward to it?**

**The 1. Menorah was lit:** At the beginning of the sin of Adam and Eve began the **1. Millennium Adam**.

**The 2. Menorah was lit:** Not because Noah and Shem lived after the Flood in the 2. Millennium, but Abraham lived between 1946 and 2121 after the years of God and reached the 3. Millennium. Therefore the **2. Millennium Abraham** was called.

**The 3. Menorah was lit:** King David reigned between about 2966 and 3006 after the years of God and reached the 4. Millennium. The **3. Millennium David** was called.

**The 4. Menora in the middle was lit:** Yeshua was born in the year of God in 3978 and crucified in the year of God in 4013. He reached the 5. Millennium Christianity. Yeshua, however, is in the midst of the Menorah of the **4. Millennium Yeshua**.

**The 5. Menorah was lit:** It calls the **5. Millennium Christianity**, because the message was spread about Yeshua.

**The 6. Menorah was lit:** The Globalization is increasing and today reaches the last Babylon as described in Revelation John. Therefore, the 6. Menorah predicts the **6. Millennium Globalization**.

**The 7. Menorah not yet lit:** It prophesies the end of Babylon and Yeshua will reign 1000 years in Shalom at the beginning of the 7. Millennium. The 7. Menorah calls the **7. Millennium Shalom**. We are watching the current calendar „Israel“ very seriously.

**Soon the 7. Menorah will be lit, since the time of 6000 years is approaching God. Does God reveal His mystery? Image above right: The 7-Menorah shows Yeshua in Hebrew: ישו**
